

“When we first interviewed through Trillium, we weren’t sure it would work long term, but we gave it a try. What we have now is another member of the Ryonet family. Jesse is hard working and brings a great deal to all of us here. He has a sense of humor that fits in so well with the rest of the team. I know I can always talk to Trillium staff if I have questions or need to share information.”

“We’re a team here and Colleen is just part of the team. We all work together to make things go smoothly. I liked how Trillium helped set everything up, especially the timer for breaks, the visuals for safety, and how they set Colleen up to be independent.”

“I believe the success of supported employees is greatly due to the work of Trillium’s ability to find the perfect match of job seeker to employer, and placing them in a position in which they thrive.”

- **Aloha Natural Pet Supplies**

“It’s a joy to watch Jason learn new skills and become an independent member of our community. He is loved by customers and co-workers alike.”

- **Pioneer Feed**

“Supported employment has been a win-win for the Jantzen Beach Home Depot. We have a dedicated hardworking employee and additional resources to ensure that the employee succeeds and is a value added benefit to our store. Trillium staff are responsive to our needs. They act as a liaison and resource for both employer and employee.”

“Ian is a tremendous asset to us here at Harmony Sports Complex. Every weekend we get thousands of people here and it inevitably leads to a lot of trash. Ian does a great job helping us here. Everyone brings different skills and abilities to make a winning culture; inclusive workforce allows you to have those different tools at your disposal.”
